## *From the Principal's Desk*

*Dear Members of the Class of 2001,*

*"Every new beginning comes from some other beginning's end." This motto represents a life cycle in terms of stages of life. Each of you began an educational journey when you entered kindergarten as young children and now finish your senior year of high school and emerge as young adults. I am confident that you have gained the skills and knowledge during the last thirteen years for another new beginning in your lives. As you stand on the threshold of a new stage in life, move forward with confidence and a commitment to make our world and your community a better place. Your generation has the opportunity to experience life in new and exciting ways. As you graduate and reach the end of this educational ladder, reach forward to the next step - a new beginning - with optimism and a sense of purpose. Live life to the fullest and appreciate it as a very special gift.*

*As time goes on, memories of EWHS will fade, but this yearbook will be a treasure of your senior year. On behalf of the entire faculty, administration and staff, I would like to extend out special congratulations. We are proud of your accomplishments and salute you as you make a new beginning.*

*Sincerely,  
Robert A. Johnson*

# *Dedication*

*We, The Class of 2001, would like to dedicate this yearbook to our Class Advisor, Mrs. Lassow. She has been there for us helping us along the way throughout the past four years during both the good and bad times. We truly appreciate all of her assistance, care, dedication and guidance to our class. She has been there longer than anyone else and has helped us grow, since she had most of us for the first time in either 6th or 7th grade. Thank You!*

*The Class of 2001 would also like to send out special thanks to Mrs. Woodruff and Mrs. McDermott. We would like to thank both of these wonderful individuals for their great interest and support by jumping on board as advisors when we were in need.*

*We would also like to thank ALL of the individuals who have given their support and assistance throughout the past four years! We truly appreciate it!*

## *Class Motto*

*“Every new beginning comes from some other beginning’s end.”*

# *The Odyssey: A Class History-2001*

*The quest began with Captain Amy Tran at the helm as our ship blasted into space. Freshman Co-Captain Jessica Patterson, Secretary Amber Badger and Keeper of the Treasury Vault Heather Zaugg helped our Solo Navigator, Mrs. Lassow, during our inaugural year. That year was filled with learning how to adjust to our new environment and life in the big ship called High School. We were scheduled for a four-year flight. To help preserve history a group of freshman recruits-Anthony Bonetti, Kristen Brault, Jaclyn Dumaine, Daniel Tarbell, Amy Tran, Sharon Cote, and Jaclyn Nilsson-buried a time capsule in the courtyard outside the Family and Consumer Sciences room, since the Crew of the Ship 2001 would have the honor of digging up a time capsule during their senior flight that had been buried by earlier travelers.*

*Our sophomore flight was filled with many new faces on the flight control deck. Mrs. Lassow finally had a Co-Navigator, Mr. Dewees, to help guide the Class of 2001 on their quest and through the meteor bombardments. Unfortunately, Mr. Dewees hopped onto one of the meteors and left the ship. Our new Captain, Jessica Patterson, with Tony Bonetti as Co-Captain, led the new crew-Keeper of the Treasury Vault Jaclyn Nilsson, Recording Secretary Leah Georgiades, Corresponding Secretary Jaclyn Dumaine and Historian Daniel Tarbell-and kept us on a smooth course. The year reached a climax as we received a special visit from the Balfour ship, arranged by our Ring Committee-Anthony Bonetti, Douglas Graham and Jessica Patterson. To commemorate this event, a spectacular Ring Dance was held on March 26, 1999, where commemorative rings were distributed to help us always remember this odyssey.*

*As the third year of our quest began, we again changed leaders at the helm. Captain Amy Tran and Co-Captain Leah Georgiades guided the others on the main deck-Recording Secretary Anthony Bonetti, Corresponding Secretary Jaclyn Dumaine, Keeper of the Treasury Vault Jaclyn Nilsson and Historian Daniel Tarbell. Navigator Mrs. Lassow took on a new Co-Navigator, Mrs. Woodruff, an extremely capable and helpful navigator. It looked like we now had a great team to help navigate us toward the end of our quest. It was only with their help that a "Celestial Celebration" was arranged for the entire crew and members on board at the Yankee Peddler in Holyoke, MA, on May 19, 2000. The Prom song "Somewhere Out There" was most appropriate. King Robert Jay and Queen Jaclyn Nilsson received crowns while their court-David Graham, Douglas Graham, Matthew Muir, Israel Mejias, Jamie Thrall, Morgan Kennedy, Alicia Rodriguez and Michaelyn Fulton-looked on. Many left with caricatures to remember how beautiful everyone looked on this star-studded evening.*

*As our odyssey entered its final year, mixed feelings fell over the Class of 2001. Finally, what we had been working oh so hard for all our lives was just months away, many couldn't wait to leave the ship and move on in their new worlds. Others were afraid of leaving the security of our ship. Leading the way to our destination were Captains Anthony Bonetti and Douglas Graham with Co-Captain Amy Tran, Recording Secretary Melissa Tweedie, Corresponding Secretary Jaclyn Dumaine, Keeper of the Treasury Vault Jaclyn Nilsson, and Historian Daniel Tarbell. Mrs. Lassow remained loyal by our side; however, Mrs. Woodruff could not remain aboard. Mrs. McDermott took over and helped guide our craft through beanie baby meteor attacks. After a dismal magazine drive, we pushed forth creating new fundraisers to defray the costs for a gala celebration as we disembark from our ship and graduate to other beginnings.*

*As we closed in on landing at Graduation Field, making plans for what was ahead-whether it was college or the work place-the members of the ship 2001 drew closer together for one last attempt at holding on, although they knew in their hearts it was impossible. The Senior Outing was held at High Meadows-as tradition has it. The Senior Banquet, held at Adam's Mill in Manchester on June 1, 2001, went well as everyone gathered for a final farewell before landing.*

*Finally, the landing at Graduation came with many smiles that covered many tears. From now on our future is in our own hands; who knows what the future holds.*

What a golden year for sports.

Michael Johnson won two gold medals in the 400 meter and 4 x 400 meter relay in the Sydney Olympics.

(Must have been the shoes.)

Multiple medals also went to Maurice Green and to Marion Jones, who took home three gold and two bronze.

She's the first woman to win five medals in one Olympics.

following his mother's example of service and humanitarianism.

His volunteer and environmental work in Chile shows that the man who will be king is a true prince of hearts.

For the guys, the mop top is back with the "shag" hairstyle.

The bed-head hairstyles of Ricky Martin and Kevin of the Backstreet Boys is typical of the macho look many stars like.

Leather whatever.

Leather is everywhere. Leather pants. Leather boots.

Everything else sparkles and shines.

We heard lots of wedding bells.

Two Backstreet Boys got hitched, Madonna married her Guy.

Catherine Zeta-Jones, wed Michael Douglas, and Jennifer and Brad tied the knot.

## Caution. Heavy traffic ahead.

As in new millennium traffic. It seems like the more info there is, the harder it is to be informed. Technology promises a bright new age but it's still hard to communicate.

Some things never change.

The Pope journeyed to the Holy Land and prayed for peace, while conflicts between Israelis and Palestinians raged.

Allegedly linked to the unrest, the USS Cole was bombed off the coast of Yemen. This year we remember with honors entertainer Steve Allen, actors Walter Matthau, Jason Robards, and Alec Guinness.

# SO WHERE ARE WE?

## Crash. Technology and music

went head to head, as 19-year-old Napster co-founder Shawn Fanning battled the music industry over copyright usage of downloaded music.

Firestone tires exploded on highways across the nation forcing one of the largest recalls in history.

Hillary Clinton stepped out of the White House and into the U.S. Senate, a first.

And the nation waited 36 days for the drama of the 43rd presidential election to unfold.

Another first. After court battles and recounts, Florida's 25 electoral votes were finally awarded to Texas governor George W. Bush in the closest presidential race in history. In another dramatic sequence of events, tensions between U.S. and Cuba rose over the custody battle of 6-year-old Elian Gonzalez who was finally reunited with his father and sent back to Cuba amid anti-Castro protests.

Television gives a crash course in life lessons.

The nation tuned in to see who would be voted out in this summer's biggest smash "Survivor".

The ultimate **SURVIVOR**, Richard Hatch, beat all odds in order to outlast his island mates.

# ANYTHING 'ON'?

T.V.

101

In shows like "Roswell" and "Angel," to survive means getting rid of the bad guys.

They showed that we all experience feelings of alienation, but we are not alone.

In fact, putting up with siblings, family issues and struggling to "find ourselves" are common denominators for us all.

## Inventions topped inventions.

This year, we saw cable lines not only enhance television but surfing speed and e-commerce as well.

## Electronic organizers rock.

From the palm of your hand you can check e-mail, invest in futures or buy a present for Mom.

## Oh yeah, and get organized.

The newest digital cameras have greater picture quality as well as roomier disk space,

while the next generation MP3s are smaller, faster, more portable, and provide better-than-ever sound quality.

## Toyota was among the future-thinking car companies to introduce hybrid cars.

Half -electric and half gasoline-powered, these new wheels will eventually be as easy on the pocketbook as they are on the planet.

## Playstation 2

and the latest Nintendo made the virtual world more entertaining.

# SHOCKING!

## Performers

like Hoku and Jakob Dylan of the Wallflowers emerged from the shadows of their famous parents.

## Blink-182

lets their California style influence their wardrobe and music, which led them to an MTV music award for "All the Small Things."

## Globalization

has had a profound effect on the style-music industry. Latin's back with a bang with the return of Carlos Santana and the rise of Enrique Inglesias along with Christina Aguilera's release of a Latin-style CD this year. And we saw Ricky Martin going global with a tour reaching as far as Austral-Asia.

On the local scene, many underground performers have been rocketed into the mainstream, as was Moby, the one-time New York DJ, with the immensely popular "Play," image is everything.

# LIVE BABY LIVE!

Madonna came alive (what else is new) with her new "Music," reinvigorating her original dance-music roots.

Unbelievably, this mother of two has topped the charts for some three decades now.

## Her concert,

performed in a London pub, was one of the most-watched events on the Internet to date.

And with MTV, VH1, Napster, and others, the faces of today's performers are seen live everywhere.

For pop princesses like Britney Spears, Christina Aguilera and Aaliyah, as well as the ubiquitous boy bands, image is as big as (maybe bigger than) their music.

For performers like the Backstreet Boys, LFO, 98° and especially \*NSYNC, style is the substance of pop.

Check out their live shows.

# REEL LIFE

Rack up another hit for Jim Carey.

Irresistible even when he's covered in green from head to foot.

The Whos in Whoville are a must-see in Dr. Suess's "How the Grinch Stole Christmas."

There was something for everybody on the big screen this year. claymation genius brought the chickens of Tweedy's farm hilariously to life as they worked up a plan to fly the coop in "Chicken Run."

"Shanghai Noon," with Owen Wilson and Jackie Chan heading out West to rescue Princess Pei-Pei, played by Lucy Liu.

And Buzz Lightyear came to the rescue, and beyond, leading the troops on a mission to bring Woody back in "Toy Story 2."

"Pay It Forward" proved it's possible to change the world and it doesn't have to be a big thing.

Kevin Spacey, Helen Hunt

and wonderkid Haley Joel Osment inspired us all to do a favor or two or three and make this world a better place.

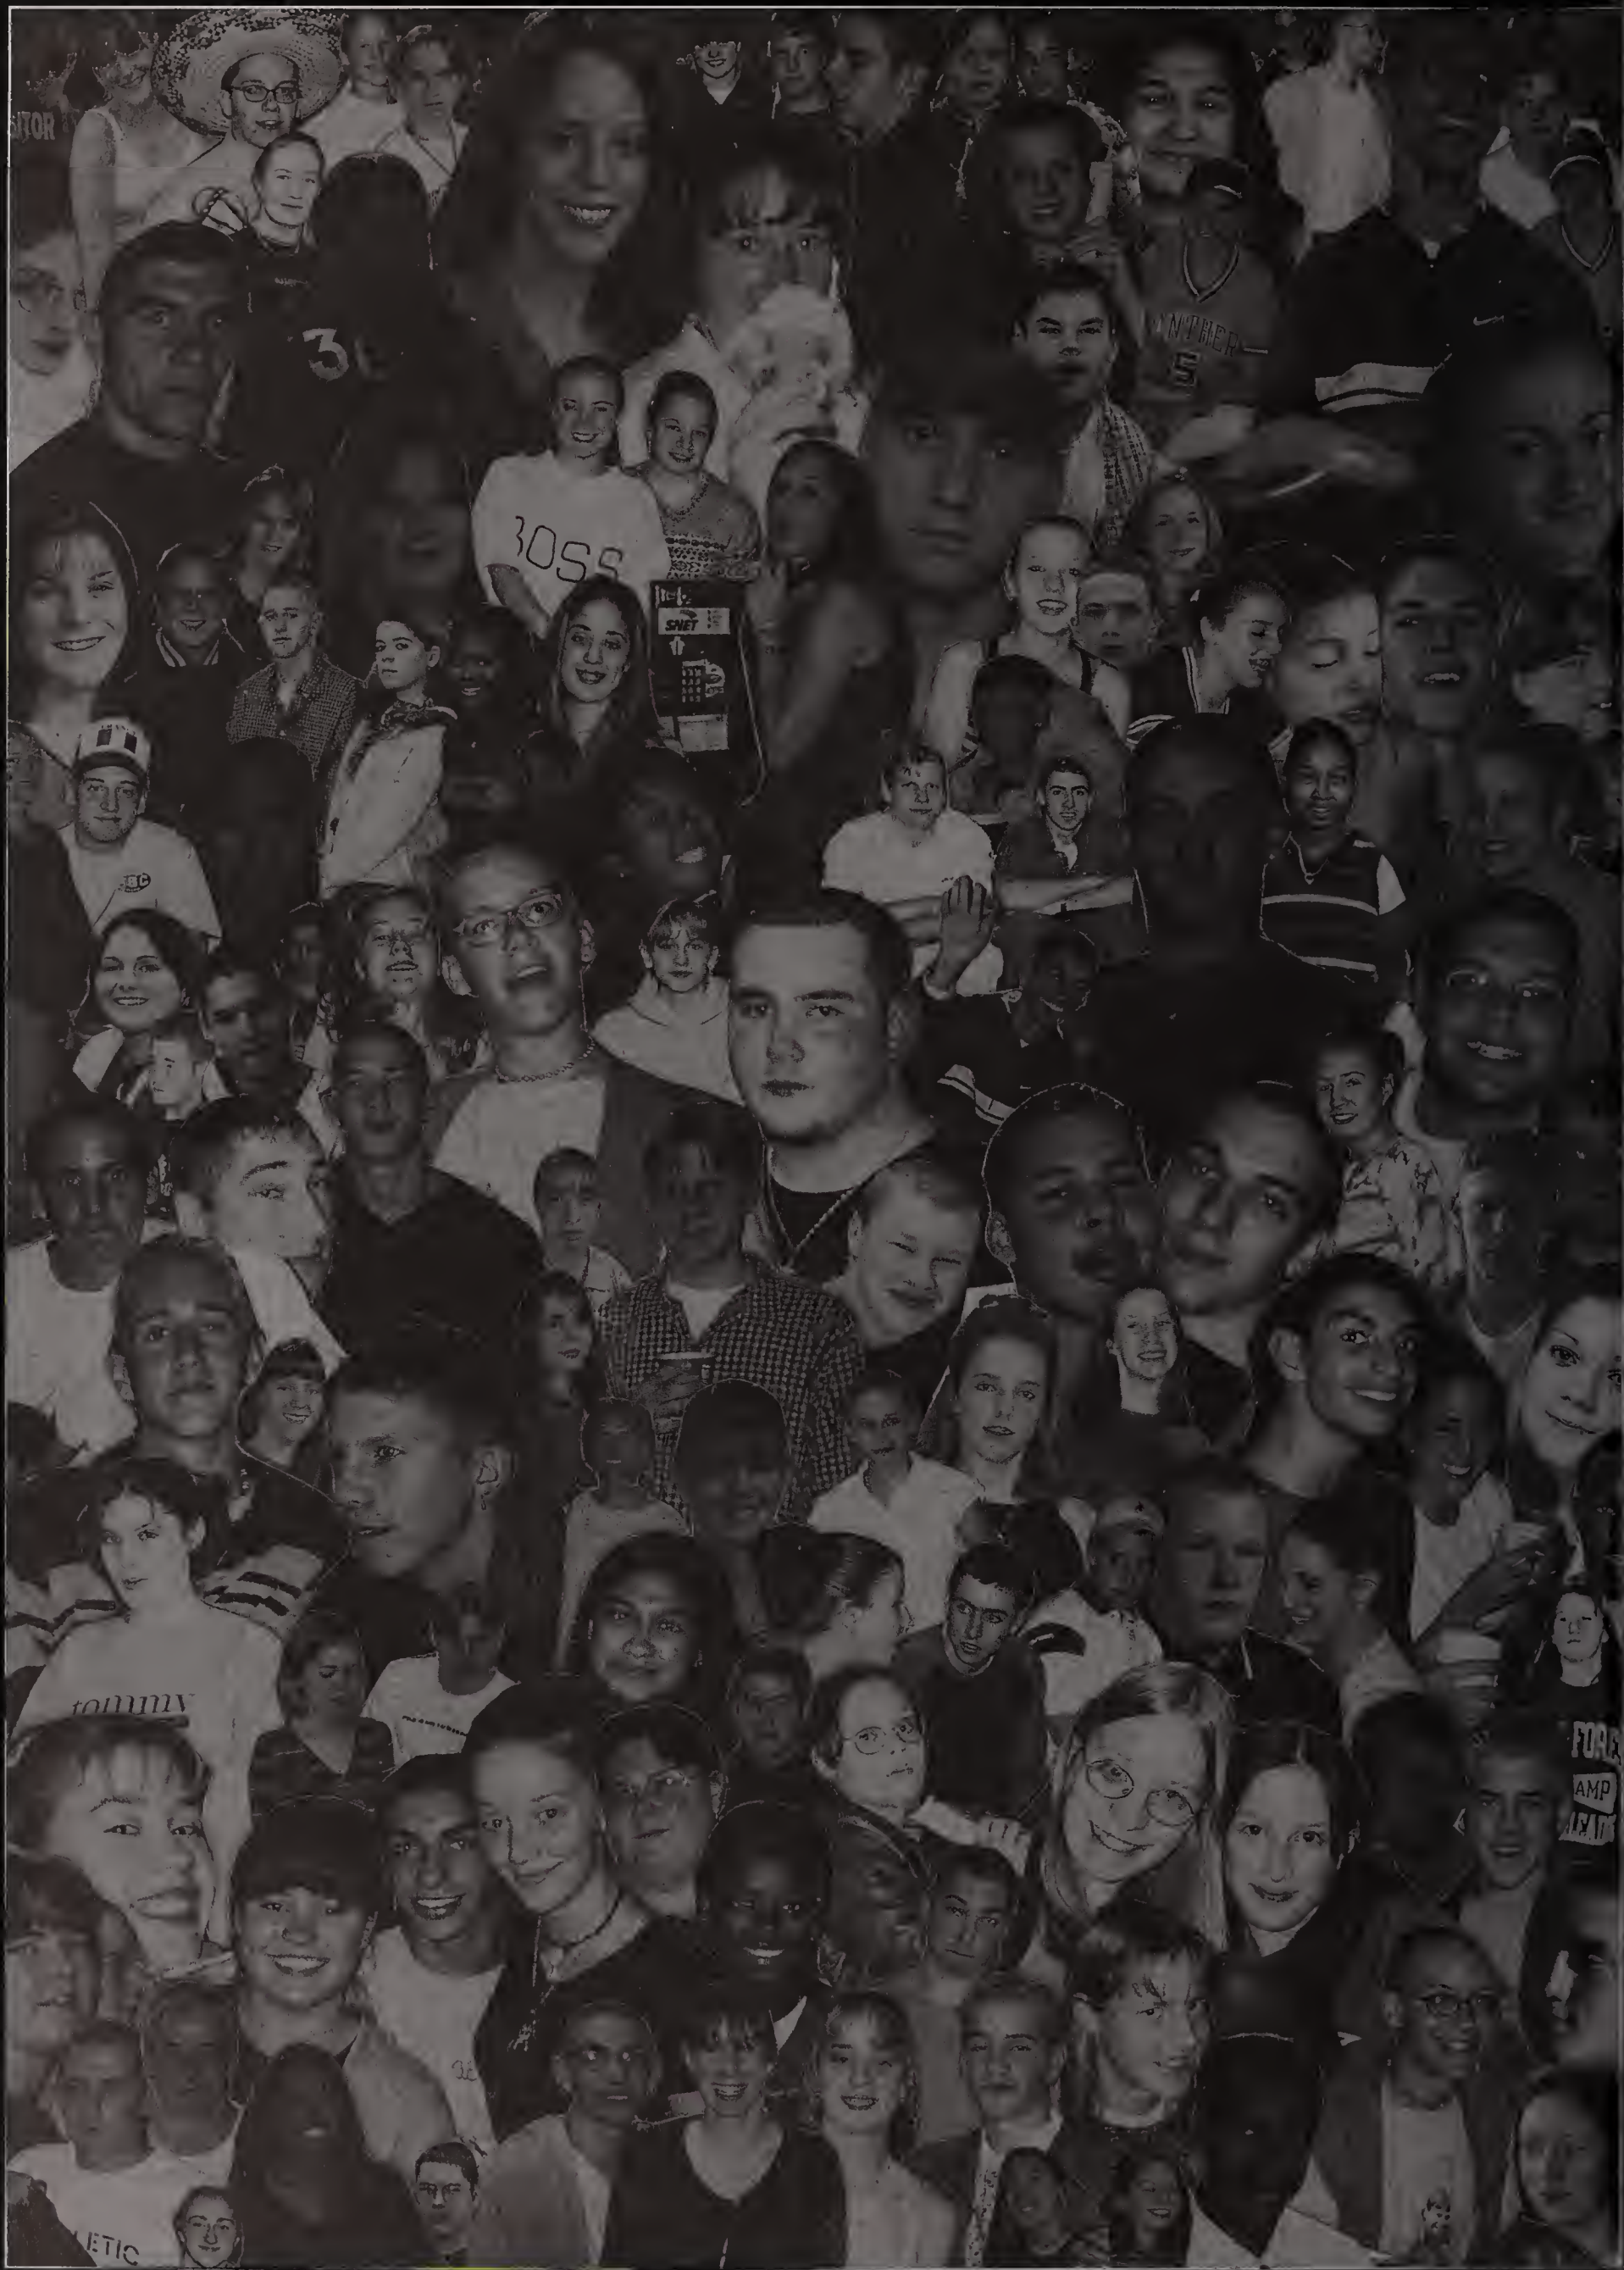

X-termination avoided, thanks to the X-Men.

Enlightened Professor Xavier provides a safe haven for the world's newest and most persecuted minority, a group of mutant, genetically-gifted human beings called the X-Men. Their struggle against hostile Government agencies and mutant supremacist Magneto made "X-Men" one of this summer's biggest smash hits.
